Highlights

The year began with a need to improve communication between staff, parents, students and the community. To begin bridging the gap, we held an Open House in the fall (first in a very long time), inviting parents and community members to visit the school and see first-hand the school's approach to creating successful students. We also held a Parent Training Night during which parents were shown how to interpret ISAT scores and were given information and guidelines for reading with their children. This began our Home Reading Program which was a great success in improving reading and helped make the school-to-home connection. We also began holding parent/student/teacher conferences.

We were awarded the EETT grant which allowed us to purchase all new student computers, staff computers, a Smartboard and video projector. This along with the broadband satellite system has put our small, rural district on the cutting edge of technology.

Progress Towards Meeting Goals

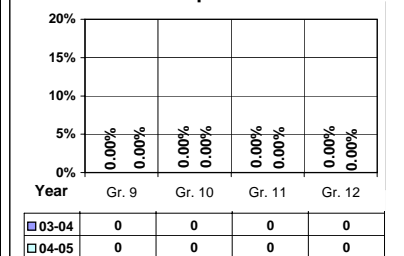

2004-05 Goals	Progress
Improve communication	Met through Open House, Parent Training Night, Home Reading Program, and parent/student/teacher conferences.
Update technology	Met through attainment of EETT grant which allowed purchase of new equipment and by District purchase of satellite system.
Improve reading skills, especially in primary grades.	IRI scores show overall improvement- progress affected by Home Reading Program and data driven instruction.
Improve ISAT scores	Fall to spring growth in all areas. Some students improved profoundly.
